

LOCOMOTIVE WORKS TO BUCKROE BEACH

A Great Crowd Expected to
Go Down To-Day—Ex-
cursions To-Morrow.

The railway passenger office are taking advantage of the strike situation to work advertising schemes. Captain R. T. Adams, of the Norfolk and Western Railway, has posted in front of the office of the company a large placard headed "Strike News," which soon attracted a crowd. One of these read: "The weather is good, but the strike is bad. The Norfolk and Western Railway is closed. The only way to get to Cape Henry and Virginia Beach next Sunday is by the 'Buckroe' train. It will leave at 10:00 a.m. and arrive at 1:00 p.m. The fare is \$1.00. The train will be crowded, so get there early." Another read: "Strike while the weather is hot for the coolest spot, the Trilby for Virginia Beach on Sunday morning. It's a peach." As the crowd read the placards, a person smiled and walked away, letting others get fooled also.

The greatest excursion party of the entire season, that of the employees of the Richmond branch of the American Locomotive Works, will go down to Buckroe Beach in five special trains over the Chesapeake and Ohio Railway to-day. Great preparations have been made for the journey, and it is expected that 2,500 people will make the trip. The railway company is all ready for the crowd, and aside from some inconvenience in reaching the station there is nothing to diminish the number of excursionists. An elaborate programme of athletic sports has been arranged, and everything to eat and drink will be provided, except, of course, that there will be no intoxicants.

R. Campbell Kennedy, of Huntington, W. Va., southeastern passenger agent of the Big Four route, T. M. Borden, of Philadelphia, district passenger agent of the Northern Pacific Railway, and Mr. J. A. Pack, excursion agent of the Norfolk and Western Railway, were visitors at the offices of the Norfolk and Western and Chesapeake and Ohio Railways yesterday. The Sunday-school of the Second Baptist Church, carrying eight or ten coaches, went down to Beach Park, the Southern Railway resort at West Point yesterday on their annual outing. The Sunday-school of the Catholic Church will go down to Beach Park to-day.

The Chesapeake and Ohio Railway carried down a large excursion train to Buckroe Beach yesterday. It being the Sunday-school of the Episcopal Church and friends. The trip was made with promptness and safety, and a very enjoyable day spent.

The June number of the Book of the Royal Blue contains several short stories, and some handsome illustrations of scenes at and near Hampton Park. The book is for sale at 25 cents a copy. It is written by S. E. Kiser and Arthur O. Lewis.

DRIVER ARRESTED

Sergeant Farley Found Him Driving an
Animal Unfit to Work.

Police Officer Farley, of the Second District, yesterday afternoon arrested a negro driver for the Pioneer Transfer Company for driving a mule attached to a dray when the animal was unfit for work. The driver stated that he had called the attention of his employers to the condition of the mule, which had a great running sore on his neck, but was ordered to take him out, nevertheless. Thereupon Officer Farley swore out a warrant for Mr. Cyrus Bousieux, proprietor of the transfer business, alleging cruelty to animals.

Mr. Bousieux went up to the station and was recognized for his appearance to-day. He is president of the Society for the Prevention of Cruelty to Animals. The attention of the officer was directed to the condition of the mule by several persons, among others a clerk in the railway offices of the Chesapeake and Ohio.

APPEALS FOR THE CURFEW LAW

Rev. I. S. Boyles Issues Open
Letter to the Law-
Makers.

The Rev. I. S. Boyles, pastor of the Randolph-Street Baptist Church, has issued an open letter to the Richmond law-makers, calling for a curfew ordinance in the city. In discussing the question Mr. Boyles presents a series of reasons why in his judgment such a law should be enacted. He declares that there are some parents who do not even try to guard their children, who are therefore exposed to all sorts of demoralizing conditions, and who, hence, should be forced to leave the streets at a reasonable hour after dark. The same should be the case with youngsters whom their parents cannot manage. Mr. Boyles believes that the curfew would do good because it "would give the boys a chance, and reduce crime. It would bring the parents and the children of all concerned," he says, "because it seems to be the best remedy for an evil, or rather for a multitude of evils. The curfew ordinance has been thoroughly tried."

MR. HESLEP'S CASE WAS CONTINUED

Says He Merely Pitched Small
Piece of Ice at Officer
With Pleasant Remark

"Squire Greys continued the case against Councilman Howard Heslep in the Police Court yesterday morning because Policeman Amos, who made the arrest, could not appear owing to special duty in connection with the strike. The case will be called again this morning.

Mr. Heslep was arrested on the charge of throwing a piece of ice at one of the street cars Thursday morning on upper Main Street. Policeman Amos was on the car, and was hit with the ice.

Mr. Heslep said yesterday morning that he threw a small piece of ice at Mr. Amos, simply as a joke.

"I pitched it toward him," said Mr. Heslep, "and told him in a smiling way to take it and keep cool."

The arrest was not made immediately, but some time afterward. Mr. Heslep regrets the occurrence as much as anybody can.

Willie Anthony, Tick Allen and Richard Polk, three negroes, were sent to the grand jury on the charge of assaulting Laura Smith and robbing her of \$1.18. The evidence showed that the woman was knocked down twice, and that her pocketbook was taken. Policeman McMahon made the arrest.

J. B. Wicks, the man who was arrested by Policeman Wyatt on the charge of being disorderly at Seventh and Main Streets, the specific charge being that he used strong language to the man running a car, was dismissed.

The case could not be proven. Eddie Hill was charged with abusing Mary Dudley with a brick, and it cost him \$5.

The case against Charles Williams, charged with slapping Rebecca Braxton on June 6th, went over to the 23d. The woman failed to appear.

Louis Rosebush, a sixteen-year-old lad, who says his home is in Michigan, was taken up as a vagrant. He is a right little fellow, and says he came here looking for work. He said he didn't run away from home. He will be held for information from home.

RAIN FOR TO-DAY

Weather Man Says Indications Point
That Way.

Farmer Evans is of opinion that there will be showers to-day, though he does not look for any protracted or settled rain shortly.

Mr. Evans says the weather situation has nothing in it out of the ordinary, and that only the usual summer weather is looked for in the near future. He does not anticipate and heavy storms, in the next few days, and normal conditions are expected to prevail.

UNION COUNCIL, R. A.

The twenty-sixth anniversary of Union Council, No. 51, Royal Arcanum, will be celebrated Tuesday evening, June 23d, by an outing on the steamer Pocahontas. The boat will leave her wharf at 8 o'clock. There will be music and dancing. Refreshments will be served. Tickets can be secured from the committee or at the boat.

Mr. Holt Much Better.

Mr. Howard Houston Holt formerly of this city, but now residing in Albuquerque, New Mexico, is much improved in health. Mr. Holt is an architect and was identified with the construction of the addition to the State penitentiary and while in this city, made many friends. He was also associated with Captain Lawrence Mayne, of Newport News, and was well and favorably known in architectural and building circles. Mr. Holt is now associated with Mr. Edward Buxton Crisley, one of the leading architects of the Southwest.

Looking for Farms.

A number of people from La Salle, Ill., are in the city, and under the direction of the Real Estate Trust Company, are looking after Virginia lands. They have already been to Hanover county, and will be shown other sections until satisfied. They are tired of the land of devastating waters and fierce tornadoes.

Coming Shortly.

Governor and Mrs. Montague return from Providence, R. I., to-night. Mr. Montague has been absent for a week, during which time but little of interest has transpired at the Capitol.

Military Inspection.

Adjutant-General Nalle is preparing for the inspection of the Virginia military under the provisions of the Dick bill. The inspections will likely begin within the next few days.

CAPTURED THE FRENCH REGIE

Reported That Consolidated
Tobacco Company Has
Secured It.

It is reported here that the Consolidated Tobacco Company of America, made up of the allied tobacco trusts, has just succeeded in capturing the French Regie, which has heretofore been supplied through contracts to Virginia, Maryland and the West. No definite confirmation of the rumor can be obtained, but the fact that it exists in other cities besides Richmond seems to give it some cast. The following letter, referring to this matter and giving some interesting news concerning the Western crop conditions, was received here yesterday from a well-known tobaccoist of Clarksville, Tenn.:

"We have been waiting until our crop was planted before reporting to you, but it is now all in the field except some re-planting. The stand is good, and the first plantings have grown off well. The area seems about ten per cent. larger than last year, but we will soon make our regular measurements and report to you. Labor is scarce and this will give trouble if the worms get bad. The heavy rains did some damage in washing and flooding and a good deal of wheat was blown down.

"A rumor is floating about here that the Consolidated Tobacco Company has made a five years' tobacco contract with France, and we are trying to track it up."

BLACK CONDUCTOR MOBBED

Men of Howells, Ind., Drive All Negroes
Out of Town.

An Indianapolis special to the New York Sun says: When the interurban car from Evansville to Howells reached the latter place last night and was found to be in charge of a negro conductor named George Jerome, a dozen angry men boarded the car and drove him and an unnumbered head. They ordered him not to attempt to run a car into the town again of any offense, but was glad to give up his job. The company says it will not employ negro conductors again. The hearing of the negro created great excitement and men patrolled the streets declaring war on the colored race. Near midnight three other negroes were found hidden in the railroad yards and they were set upon, and all of them more or less injured with stones and sticks in the hands of the whites. The people seemed beside themselves with rage, but no one could easily see the reason, except that no negroes were wanted in the town. Two families of colored people living in the outskirts of the town fled.

MAKES A CHANGE

Miss Carrington Leaves Seminary for
Westminster School.

Miss Laura Carrington, for many years connected with the Richmond Female Seminary, will leave that institution and will associate herself with the work at the Westminster Presbyterian School, beginning with the opening of the next session. The prospects for the change for next year are very bright, and a large attendance and a generally successful session are expected. Miss Carrie Lee Campbell will continue as principal and head of the school. Associated with her will be Miss Carrington, Miss Hester Barney, Miss Annie Wilson, Miss Virginia Patterson and several specialists.

Woman's Training School.

The commencement of the Woman's Central League and Training School was held Thursday night at the True Reformers' Hall. The occasion proved a most interesting one. Dr. R. E. Jones, the general manager of the institution, acted as master of ceremonies. Major James H. Capers, chairman of the City School Board, was present. The address for the occasion was delivered by the Rev. Dr. E. N. Callich.

Elks Lodge to be Instituted.

New Company Wins.

The Corporation Commission yesterday decided to allow the Bay Shore Terminal Company to cross the tracks of the Norfolk Railway and Light Company at a point just outside the city of Norfolk. The case has been pending for a long time, having first gone before the old Board of Public Works.

Charters Granted.

The following charters were granted by the Corporation Commission yesterday: Russell Ice Cream Company, Norfolk; Chesapeake Trust Company, Norfolk; Stuart Manufacturing Company, Patrick; Lacroix Academy, Mecklenburg; French-Chase Company, Dickenson county.

THE GIFFEN CO. CLOSES TO-DAY

The Organization Will Be Fol-
lowed by the Dalton Com-
pany Next Week.

The Giffen Company will close its engagement at the Academy to-night. There will be the usual matinee and night performances, and then the company will disband. It will be followed next Thursday by the Dalton Stock Company, which will play the rest of the summer here and will open the engagement with "East Lynne" as the bill for the last three nights of next week and "Caste" the week following.

The regret at the close of the Giffen season will be universal. The organization is exceptionally strong and very attractive, and there will no doubt be very large audiences at both the matinee and night performances of The Silver King to-day to wish the actors and actresses good-bye.

The Bijou Musical Comedy Company continues to play to banner business at the pretty Broad Street theatre. "Tuxedo" while not, perhaps, the summit of dramatic literature, is a mighty jolly entertainment, and audiences have found it vastly entertaining. It is strong in specialties, and its chief glory is that it gives all the popular members of the company an equal opportunity. What the company can do in a musical first part is well worth seeing. There are a host of clever specialties, and the chorus does excellent work.

YOUNGER AND JAMES

Noted Ex-Outlaws Who Will Appear in
Richmond June 30th.

Cole Younger and Frank James, two men whose exploits have been recited as deeds of unexampled daring, partaking of the history of Missouri in a manner that has raised them to the position of patriots that have endured and suffered much for their devotion to the "Great Cause," will appear in Richmond Tuesday, June 30th, at the head of a big spectacular Wild West Show.

The combination travels about the country in thirty-three railroad cars. It includes Indians, cowboys, Russian Cossacs, Mexican Vanguards, American girls and skilled horsemen and equestrians. Two of the biggest herds of buffalo in existence are part of the exhibition.

Six hundred horses, and as many riders, are accommodated on the special cars in which the attraction travels. Frank James will manage the exhibition in the arena, while Cole Younger conducts the remainder of the program. Mounted attacks will be made by Indians on settlers' cabins and stage coaches. American cowboys will compete with Russian and Mexican riders in feats of horsemanship, lassoing and marksmanship. A congress of nations on horseback is to be held daily to show the numerous types of men whose deeds of daring in the saddle are the wonder and boast of the various nations.

Mr. D. P. Phillips, the genial representative of the Wild West Show, was in Richmond yesterday.

A HEALTHY TRADE

Excellent Conditions Prevailing on To-
bacco Market.

Concerning conditions on the tobacco market during the past week, Messrs. E. B. Vaughan & Co., proprietors of Greenhaw Warehouse, have to say as follows: "Large receipts, inspections, sales and deliveries were again the leading features of this week. Receipts are from so many sources, like private inspections and sales, are not obtainable. Public inspections for the week, 1,183 packages. Sold on Tobacco Exchange, 818 packages, and for the season on Exchange, 3,533 packages, as against 2,500 packages sold on Exchange to this date last year; or, say, increase for this season, 836 packages. We hear of some round lots of dark lugs changing hands, and other private sales have been good. Healthy trade. We regret to hear unfavorable reports of rumored planting. Fall crop of this excellent tobacco, so much desired for mutual interest."

CAPTAIN TAYLOR TALKS

He Says There Was No Politics in
Abolishing Surgeon.

Captain Charles P. Taylor, the member of the Board of Fire Commissioners on whose motion the office of surgeon to the department was the other night abolished, said yesterday that there was absolutely no politics in the matter. He said the subject had been under advisement for sometime, and that so far from any feeling against Dr. Mackay, the members liked him and looked upon him as the man for the place. Captain Taylor was sure that he was correct in his view of the case, and retorted his belief that the abolition was made in the interest of the department and not out of any enmity to Dr. Mackay.

St. Mary's Benedictine Academy.

St. Mary's Benedictine Academy will have its annual art exhibit on Monday and Tuesday, June 22d and 23d. The patrons and friends of the institution are cordially invited to attend. A fine variety of needle-work will be displayed, also paintings in water colors, oil and in china. Hours from 9 A. M. to 5 P. M.

The expression class of the Academy, under the direction of Mrs. Jennie Yeager, closed yesterday afternoon with a contest for a gold medal. There were only four contestants, however, out of twenty-two pupils. Miss Eleanor Steinbrecker won the medal, doing the best work. Miss Bertha Levy standing next. Her work was very good, also Miss Maria Anderson and Bessie Cummings.

Indisputable Evidence.

You have read our oft-repeated statement, "In use for over 30 years." It was in the early sixties that Dr. Pitcher first made use of the prescription now universally known as Castoria. With a record of over fifty, under five years of age, out of every hundred deaths, it was the AMBITION OF EVERY PHYSICIAN to discover a remedy suitable for the ailments of infants and children that would decrease this distressing mortality. In Castoria that relief has been found.

Let us take the statistics covering the deaths in the City of New York for the past 30 years, and here we find the beneficent effects of a combination of drugs excluding opiates and narcotics so long sought for, namely: CASTORIA.

Of the total number of deaths in New York City in 1870, 50 per cent. were under five years of age; in 1880, 46 per cent.; in 1890, 40 per cent.; in 1900, 35 per cent. only. Just stop to think of it.

Until 1897 no counterfeits or imitations of Castoria appeared on drug store shelves, but since that date Mr. Fletcher has been called upon to suppress a number of these frauds. While the record for 1900 does not come down to our expectation it is owing to the carelessness of mothers when buying Castoria. The signature of Chas. H. Fletcher is the only safeguard, and he alone is authorized to use the doctor's name.
